Dear Sir:

In response to an Office Action dated November 6, 2002, the following remarks are respectfully submitted.

**IN THE CLAIMS:**

Please amend claims 1, 10, 12, 18, and 20 as follows (a marked up version of the amended claims is attached):

1. (Twice Amended) A method of fabricating a liquid crystal display device, comprising:  
forming a liquid crystal panel including first and second substrates;  
forming a ferroelectric liquid crystal layer between the first and second substrates of the liquid crystal panel;  
cooling the liquid crystal panel so as to produce monostable alignment of the ferroelectric liquid crystal; and
